ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids, and it is agreed that remittance will be

made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE. Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. PLEASE BID BY THE LOT. Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in

() are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. LOTS CANNOT BE BROKEN. Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Sales Are Conducted As Follows:

- 1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. SEND BIDS AIRMAIL—IT PAYS.
- 2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.
- 3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and

insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

IS THIS YOUR FIRST AUCTION CATALOG?

19th EDITION (1966) GUIDE BOOK, (1965) PAPER MONEY 5th EDITION "TRENDS" & OTHER AUCTION RECORDS USED IN CATALOGING THIS SALE

Currency, scarce and rare gold, large cents, types, proofs and small cents seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable. The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog con be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical value. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG). In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even the auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeaver to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING SUCCESSIVE CATALOGS WITHOUT INTERRUPTION

BARGAINS GALORE

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, comp'aints, (yes we receive some now and then), we want to hear them. Having catalogued over two hundred fifty-five successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 8c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

309.	1831 Pointed 1's (as is 1830) acquired some years ago from B. Max Mehl as	
	"PROOF". The obverse is indeed a deep lovely bluish golden proof surface	
	however the reverse which is a lovely bluish color and is prooflike does not	
	have quite as much "depth" as the obverse. Proofs, prior to 1858, were struck	
	to order for government officials, foreign museums and for presentation pur-	
	poses. The amount varied from year to year, sometimes only 5 or 6 sets, some-	
	times as many as a dozen or so plus a few odd pieces. If the request for	
	proofs came in the middle of the year, it was not unusual for the mint to	
	take regular dies, polish them (some hurriedly, some with care) strike the	
	proofs and then place the dies back into regular use. The quality of these	
	early proofs varied from year to year and coin to coin. In fact, several dif-	
	ferent dies were used at various times of the year. This would account for	
	the variance of the proofs prior to 1858. In fact, we would prefer the term

SILVER DOLLARS TYPE IV, 1797

1797 B-3, STARS CHANGED TO 10X6, extremely fine. (tiny nick). ONLY 2493 544. ISSUED COMPARED TO 4941 OF THE 9X7 VARIETY. If rarity is any criterion of value, than this "sleeper" should be worth at least

600.00

SILVER DOLLAR TYPE II, 1798 15* SMALL EAGLE

545. 1798 B-2, 15 STARS obverse and SMALL EAGLE reverse of 1796 (we have surmised that a rush order for dollars was received early in 1798 before the new type 13 stars obverse and the heraldic reverse were ready; a die of 1796, finished except for the date, had the date 1798 engraved and it was combined with the small letters reverse B-1 of 1796. This reverse die did not prove to be entirely satisfactory in 1796 as the eagle did not seem to come up to the required sharpness in striking. It was only used sparingly in 1796 and in 1797. Since it was on hand in early 1798, it was used sparingly to fill the rush order and again discarded). VIRTUALLY UNCIRCULATED WITH ONLY BAREST **RUBBING ON HIGH POINTS**, the eagle is sharper than we can recall seeing on any other specimen! We cannot recall ever seeing a strictly uncirculated specimen in all our thirty-odd years as professionas, therefore the owner's c'aim of this being the "FINEST KNOWN SPECIMEN" could very well be valid. VERY RARE VARIETY BUT AN OUTSTANDING RARITY IN THIS RE-

MARKABLE STATE OF PRESERVATION! Valued by owner at\$2,000.00

SILVER DOLLAR TYPE V, 1798 13* SMALL EAGLE

1798 B-la?, 13 STARS (it was realized how impractical it would be to add a 546. star for each new state) SMALL EAGLE reverse of 1797, part of die break described by Bolendar as Bla-evidently a very early state, Virtually Uncircu'ated, only barest rubbing on high points. A choice specimen of this RARE variety. Greatly undervalued in keeping with its true rarity, particularly in this remarkable state of preservation. Easily worth

741	. 1856 J-180, FLYING EAGLE, OLIVE TONED PROOF. Distributed to Congressman, government officials and newspaper editors to influence the passage of the bil to authorize the change from the large, cumbersome copper cents to the smaller ones consisting of 88% copper and 12% nickel. The bil authorizing the new cents was passed Feb. 21, 1857 and shortly thereafter, the 1857 cents resulted in the 1856 no longer being a novelty and most were "spent." The 1856 then was adopted by collectors as a regular cent. Catalogs \$3250 altho we have seen ads of\$3,50.	500.00

PROOF TRADE DOLLARS

A lovely set UNCLEANED AND UNTOUCHED FOR 40 YEARS! If you are looking for quality and original patina, this is it. It has been years since we have had the privilege of cataloging such a set. Who knows how many more years will elapse before another such

	rtunity presents itself.	
817.	1873 Lovely bluish golden PROOF. Particularly difficult to obtain choice;	
	more so than its coinage would indicate.	550.00

	cabinet.	500.00
821.	1877 Love'y bluish golden PROOF. ONLY 510 STRUCK of which only a fraction	
	are still in existence! The rarity of this date is finally beginning to be apprec-	
	iated. Compared to this, the 1877 1c proof (catalogs \$1600) is "common". In	
	assembling 1877 proof sets, we note most want lists are eventually filled	
	with the exception of the trade dollar. We would not be surprised to see	
	this popular rarity in this choice condition realize over	1000 00

HALF CENTS

V V	e note a strong interest in this series in our past several sales. This, in tur	n. will
mevi	tably be reflected in the prices of the future reference works.	,
828.	1793 Sharpness of extremely fine but the rough surface forces us to lower	
	it a grade to very fine. ONLY YEAR OF TYPE, Popular, Trends v.f.	1250.00
829.	1793 G-4A Seems to fit the description of the Brobston specimen (sold in	
	New York early 1963) "Very Fine with the heavy rim break on the reverse over	
	"F AME". An extremely rare die state of this rare variety. Lacking in the Du-	
	pont, Ryder, and other name collections. This specimen is one of the 3 finest	
	examples extent." A further explanation is in order; the reverse die buckled	
	in the center resulting in "HALF CENT" not being struck up. The Brobston	
	coin there sold at \$1500; values for rare and choice half cents have sharply	
	risen in the intervening three years, therefore we feel this great rarity should	
	realize over	2500.00

878. 1793 S-1, CHAIN AMERI. fair to good, worn but mostly legible, UNITED STATES OF AMERI, and chain quite sharp as is LIBERTY and bust. Quite popular with a persistent and marked rise in value during the past year. Present values in the catalog appear somewhat low and will no doubt be raised in the edition coming out in late June. Catalogs too low good. 275.00 1793 S-2, CHAIN AMERICA, sharpness of extremely fine but pitting in hair. 879. As rare as S-1. If not for the pitting, this coin will easily bring over \$2500; how much the pitting detracts from its value must be determined by you the collector, perhaps half. 1793 S-3, CHAIN AMERICA, about good (some portions very good, some good 880. some fair). The chain America usually encountered. Not as rare as above but 300.00 881. very fine but pitted both sides. Trends v.f. \$1400; this one probably worth around half, 1793 S-5, WREATH ,LARGE DATE, LARGE LIBERTY (on'y die this type) fine 882. with usual eroded surface. Much rarer than the usual 1793 wreath variety. RARE. Same rarity as S-4 (chain) which trends 825.00

1793 LARGE CENTS (Continued)

1793 LARGE CENTS (Continued)	
883. 1793 S-6, WREATH, Small Date, Small LIBERTY, "Sprung Die" variety, sharpness of very fine with usual eroded surface; in fact the reverse is actually c'oser to extreme'y fine. Close to S-5 in rarity and considerably rarer than the usual Wreath 1793. Have seen a comparable specimen nearly a year ago priced at	950.00
884. 1793 S-8, WREATH, horizontal stem variety, extremely fine except for small cuts around reverse edge. A similar specimen without the cuts wou'd probably bring around \$1250; dropping it a grade because of the cuts gives it a trends value for v.f. of	750.00
885. 1793 S-9, WREATH, very fine as to wear but eroded surface. Trends	750.00
886. 1793 S-10, PERIOD AFTER AMERICA , variety, very fine but has two tiny nicks. A "TYPE" coin (only one with period) deserving of separate listing in the catalog. VERY RARE. More so than the chain which trends\$1.	400.00
 887. 1793 S-11a, Vine & Bars edge, fine with characteristic light strike in fraction (does not show on fine specimens) which is the hall-mark of this rare die. VERY RARE. Much more so than the chain which trends 888. 1793 S-11b, LETTERED EDGE, Double Leaf Edge, very fine, some tiny reverse edge nicks, VERY RARE. Since the CONDITION CENSUS includes a very 	825.00
fine coin, this must be one of the better grade specimens known! Easily worth over	1000.00
889. 1793 S-11c, LETTERED EDGE, one Leaf on Edge, very fine but struck on a planchet with an obverse flaking of the metal in R of LIBERTY before striking (struck AFTER the flake left the planchet, interesting obverse die break, tiny edge nick. The "common" wreath variety trends v.f. \$750; this variety rarer. On the other hand, the flake must be taken into consideration; could realize close to the trend value for "common" varieties of	750.00
890. 1793 S-13, LIBERTY CAP, very fine, chocolate color. Quite popular with new records being set. Trends a bit low at \$2250 as we have seen a specimen about nine months ago in comparable condition at \$2250.	750.00
891. 1793 S-13, LIBERTY CAP, duplicate in good condition a tho the reverse is a bit more worn than the obverse. Trends

892. 1794 S-26, Divided Date 1794, fine. Cata ogs 893. 1794 S-42, Very fine with characteristic light strike to top reverse. VERY RARE variety. Since a very fine specimen is included in CONDITION CENSUS, this coin should command a great deal of attention.	
894. 1794 S-57, Button On Cap variety, UNCIRCULATED brown with some traces of red, small nick in field before eye (possibly another coin dropped upon it). ACQUIRED AS "FINEST KNOWN." Since Sheldon lists a near Uncirculated specimen (condition 55) as finest known, THIS SPECIMEN ASSUMES THE GREATEST IMPORTANCE! Insured by owner at \$2500, he now values it at over	,000.00

695. 1795 S-76a, LETTERED EDGE, "ONE CENT" high, asquired from a leading Chicago dealer in April, 1960 from a Numismatic Scrapbook ad as "extra fine. According to She'don, only about a dozen or so exist. If Sheldon's table of condition census coins is correct, THIS IS THE SECOND BEST in the hands of collectors." The present owner bought it at \$975 from that ad; surely it should now realize closer to \$2,500.00

896.	1795 S-77 Plain Edge, "ONE CENT" centered, acquired from same ad as "extra fine (maybe about uncirculated). According to Sheldon, a VERY RARE variety. This piece originally came from the editor of the Standard Catalogue of United States Coins and the New Netherlands Coin Co. who state "It is my opinion, that this piece was probably struck in limited quantities, with the denomination; the latter being an after thought, and was presumably used so, as a chit or check in one of the Reno gambling casinos. From all appearances, the extra stamps were placed on the piece during its actual manufacture, as the obverse shows no evidence of reverse striking subsequent to the original manufacturing. The Sterling Investment pieces are as rare as the devil to begin with, and I have little doubt that they ceased making the denominational type, just as soon as they found out that using the denomination was i legal." LESHER OCTAGON DOLLARS OF COLORADO

These actually circulated as "money" and as such, are in a class by themselves. The "Pioneer" silver coins of the West, they have become increasingly popular since their inclusion in the Guidebook several years ago. We believe they will show a marked increase in value in the not too distant future as they are greatly undervalued in keeping with their rarity. Guidebook page 245.

1605. 1900 HK-787, "WILL GIVE IN EXCHANGE CURRENCY COIN OR MERCHAN-DISE AT FACE VALUE" (no wonder the Government put a stop to this after ONLY 100 WERE STRUCK) very fine. A leading authority states, "ONLY 100 DOZEN KNOWN." Should realize over

	RARE. The Calif. Oct. 13, 1965 one was "extremely fine" at \$275; sure'y this	
	superior specimen worth over	300.00
	leads us to believe that it could have been struck from proof dies used to strike regular coins after the 40 proofs were struck. It has a wire edge both sides, proof surface, full sharp stars, SHARP STRIKE. Since it does not have the "square edge" generally associated with proofs, we rejuctantly call it a CHOICE PROOF SURFACE specimen rather than a full proof. Trends does not valuate it due to its rarity! The Calif. Oct. 13, 1965 sale had a "prooflike" specimen at \$775; we believe this remarkable specmen worth	900.00
